

After following a green glitter trail we found the beautiful story 'Tell Me a Dragon' By Jackie Morris in Mrs Minter's office. It definitely looked like a dragon had dropped it there!

The children followed riddles around the school, we decided based on the clues that the nest of eggs belongs to a dragon!

It's a Mystery....

February
2025

A mysterious nest full of eggs appeared in the Year 1 classrooms. In the nest there was a scroll with a message, it read...

'Follow the riddles hidden around school to find who these eggs belong to, discover your new story along the way....'

Thank you so much for your collage material donations,
they really helped bring the children's ideas to life!

Tell Me a Dragon...

Using inspiration from the story and a little imagination the
Year 1 children have created their own dragons.

The children thought carefully about
the colour, texture and features of
their own dragons.
