

BLACK COUNTRY LIVING MUSEUM

Year 1 went back in time during our trip to the Black Country Living Museum!

We saw what shops and homes were like in the past. We compared them to our homes and shops now.

We visited St. James's Infant school... well what a difference to our school it was!

There were no iPads or whiteboards. Children in the Victorian Era had to use slate!

Some of us were lucky enough to play with some street toys!

We visited the chemist, the grocer and the hardware store.
