25 February 2025

Dear Parents/Carers

Re: Childcare's Ofsted Inspection Report

Following our Ofsted Inspection on 22 January 2025, I am delighted to be able to share our report which can be found [here](#).

The team and I have worked extremely hard since our last inspection to continue to develop an environment where children are happy, settled and their mental health and well-being is prioritised. We provide a stimulating environment and an engaging curriculum which is adapted to meet the needs of each individual child and takes into consideration their needs and interests, ensuring all children are fully engaged in their learning and are able to make the best possible progress from their starting points.

The report very much reflects this and I am extremely proud of my team, what we have achieved and what we have to offer the children and our families here at Streetsbrook Childcare.

The inspector identified one area for development on the day and this will be a focus of further development as we move forward.

I would be delighted to hear your feedback or comments on this report and should there be any aspect that you want to discuss then please do get in touch.

Yours sincerely

Jade Taylor
Childcare Manager
