Purpose

Streetsbrook Infant & Early Years Academy ('the Academy') are committed to openness and transparency in the provision of information to all persons or organisations that request it.

The Freedom of Information Act 2000 ('FOI Act'), Data Protection law, including the General Data Protection Regulations (GDPR), as well as related UK Data Protection legislation, plus the Education (Pupil Information) (England) Regulations 2005 all make provision for access to information. This policy sets out how the Academy will process requests for different types of information under this legislation in order to ensure they are dealt with efficiently, correctly and within required timescales.

This policy should be read in conjunction with Data Protection Policy, Freedom of Information Policy, Records Management Policy, Freedom of Information request procedures, Publication Scheme and guidance documents.

Freedom of Information

The FOI Act gives a general right of access to recorded information held by public authorities, including academies, subject to certain conditions and Exemptions.

The Academy will ensure clear procedures are in place to process requests for information under the FOI Act and will supply the information sought within 20 working days, calculated from the first day after a written request is received.

Copies of reference documents, such as policy statements and procedural guidance will be provided either free of charge or as published in the Academy's Publication Scheme, which is itself available from the Academy website.

Personal Information and Educational Records

The GDPR provides a framework for how organisations use personal information. It protects and enforces the privacy of personal information whilst also allowing for the lawful and appropriate use of this type of information about pupils, staff, parents and others who have contact with the Academy. It also gives to any person whose details are held/processed by the Academy the right to receive a copy of their own personal data; this is called a Subject Access Request.

The Education (Pupil Information) (England) Regulations 2005 applies to maintained academies and also gives specific rights to parents to access their child's educational record. This information is usually contained in the pupil file.

The Academy will ensure clear procedures are in place to allow for these rights of access. Personal Information will be supplied within the required 40 calendar days and Educational Records within the 15 school days required by the Education (Pupil Information) (England) Regulations, where these regulations apply, following the receipt of a written request.

Provision of Information

Where a request for information is made in person or over the telephone, and is reasonably straight-forward, the Academy will respond without formality. In more complex cases the Academy will ask for the request to be put into writing (letter, email) to ensure that we have clear statement of what is requested.

Where appropriate, the Academy will provide information in redacted (edited) form, in line with any exemptions that need to be applied under the legislation; for example, a requested document includes details about other children besides those of the requestor.

The Academy may be unable to provide the information you request for any of the following reasons:

- the information is not held
- an exemption to the disclosure is being applied
- the request is made under the FOI Act and it would cost the Academy more than £450 to provide the information

In all instances the Academy will ensure the requestor is informed of the relevant reason.

Charges

Freedom of Information: In the majority of cases the Academy may charge only for relevant photocopying, printing, faxing and postage. The Academy may also charge for any work required to put the information into a required format, for example, putting the information onto CD at request. The Academy will not normally charge for providing information in an alternative format where this is requested on grounds of disability.

- Photocopying, printing and faxing is 10p per sheet
- Postage costs will be at the appropriate rate.
- Where it is estimated that the cost of meeting a request is likely to be over £450 (or over 18 hours), and the Academy agree to provide the information, staff time may also be charged for at the Office Manager's rate per hour.

Personal Information: A fee will not be charged for a Subject Access Request; however the Academy reserves the right to charge for the cost of photocopying, printing and faxing as well as postage costs at the aforementioned rates.

Educational Records: No fee may be charged for access, unless permanent copies are required, and there charges are on a separate scale depending on the amount of information to be supplied:

In all instances the Academy will ensure the requestor is informed of any charges prior to processing the request.

Complaints

Complaints will be dealt with in accordance with the Academy's Complaints policy. Complaints relating to information handling may be referred to the Information Commissioner's Office (the statutory regulator).

Contacts

If you have any enquires in relation to this policy, please contact the Office Manager, Mrs N McInnes, who also acts as the contact point for any requests for information.

Policy Review

This policy will be reviewed and updated as necessary to reflect best practice or amendments made to relevant legislation, if not before a review in the Spring Term 2024.

This policy was ratified by Governors at the Finance Committee meeting on 23 March 2023.
