

Florence Nightingale

The children in Year 2 engaged in a drama workshop provided by The Big Bubble Theatre. They were able to engage in lots of role play activities to learn about, and act out, the life of a very important historical figure, Florence Nightingale. The children then used the information they had found out in this session as a base for their writing in English and their further exploration in History. The children will go on to compare the life of Florence Nightingale with that of Mary Seacole, they will learn about the similarities and differences and discuss the impact both women had on medicine.
