

Streetsbrook Infant & Early Years Academy

Computing Curriculum Overview

Reception

Technology is used daily in Reception. Children learn how to use the 'SeeSaw' application throughout the Autumn term. This enables them to evidence their independent learning during continuous provision. Regular conversations using 'Izzy iPad' questions and scenarios allow children the opportunity to discuss online safety.

Autumn Term	• Turn an iPad on and hold with confidence • Hold the iPad correctly • Explore games on the iPads • Find the SeeSaw application • Understand the iPad rules • Take a photo use the SeeSaw application • Save photos onto personal file on the SeeSaw application • Explore and use game effectively on the iPads
Spring term	• Create drawings on the SeeSaw app • Continue to save a range of work onto personal file on the SeeSaw application • Understand ways to keep safe online • Understand the role of different technology.
Summer Term	• Identify letters on the iPad keyboard • Explore the use of the iPad keyboard • Take videos using the SeeSaw app • Understand what to do if you feel unsafe when using technology • Scroll, swipe, drag and tap when using the iPad
